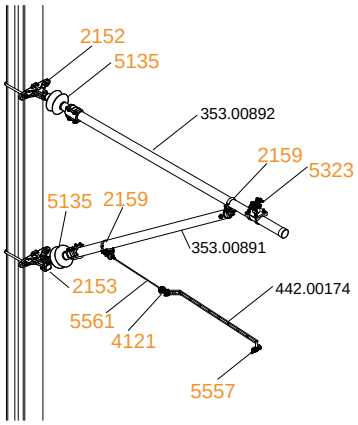
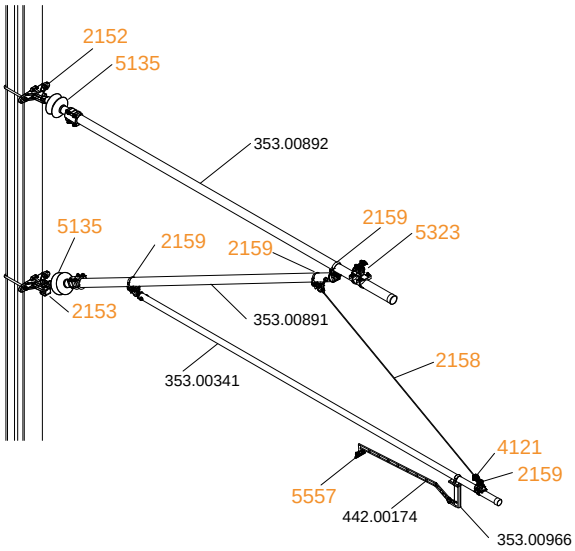
Material:
353.00891: Alu
353.00892: Alu

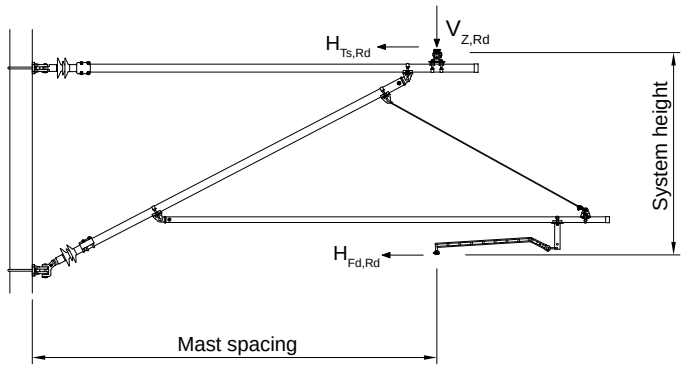
Direct Offset Registration



Deflected Offset Registration



Example Geometry and Limit Loads:
System height1800 mm
Mast spacing 3500 mm
$V_{Z,Rd}$ = 3.10 kN
$H_{Ts,Rd}$ = 3.10 kN
$H_{Fd,Rd}$ = 3.10 kN



Note:
The load specifications refer to the illustrated cantilever geometry
Deviating geometries and/or configurations require prject-specific calculations!
